DETAILED ACTION

Priority

Receipt is acknowledged of papers submitted under 35 U.S.C. 119(a)-(d), which paper have been placed of record in the file.

Information Disclosure Statement

The information disclosure statement filed May 19, 2004 and July 10, 2006 have been considered.

Allowable Subject Matter

Claims 1-22 are allowed.

Reasons for Allowance

Claim 1 is allowable since there is no prior art of record that teaches a touch screen mounting assembly for a liquid crystal display monitor (as shown in Figs. 1-6) comprising a relationship of claimed elements with the following specific features:

- a LCD module securely fastened within the rear cabinet;
- a touch screen adhesively attached to the rear cabinet;
- a front cabinet including a pair of slip fit fasteners provided on top and bottom edge portions of the front cabinet,

wherein the pair of slip fit fasteners have slip fit connections with the pair of fastener supports, respectively, for preventing the front cabinet from becoming disengaged from the rear cabinet.

Claim 13 is allowed since there is no prior art of record that teaches a touch screen mounting assembly for a liquid crystal display monitor (as shown in Figs. 7-11) comprising a relationship of elements as claimed with the following specific features:

- a hollow bracket including a plurality of mounting portions
- a touch screen adhesively attached to a front side of the hollow bracket;
- a LCD module adhesively attached to a rear side of the hollow bracket; and
- a front cabinet including a plurality of hollow bosses,

wherein the plurality of mounting portions are adapted to receive a first plurality of fasteners for being fastened to the plurality of bosses, respectively.

Claims 2-12 and 14-22 are allowed since they depend on the allowed claims 1 & 13, respectively.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure:

Kim (US 6888591 B2) discloses a liquid crystal display (LCD) assembly, and more particularly, to an LCD assembly used with a wireless information terminal (PDA) in a touch screen display mode. The LCD module 10 has an LCD 11 and a touch

screen panel (TSP) 12 disposed on the upper surface of the LCD 11, and the housing 20 has upper and lower housing members 21 and 22 which are coupled with each other.

Hanson et al. (US 6685328 B1) disclose a display assembly including a display screen, a planar light guide, a light source, a light bar, and a frame. The frame is integrally molded with the planar light guide to form a single component, wherein the top and said bottom of the light guide is not obstructed by the plastic frame. The planar light guide is disposed above the display screen and provides mechanical support of the display. The light bar is disposed between the planar light guide and the light source, and acts to couple light from the light source into the planar light guide.

Bettemy et al. (US 6965375 B1) disclose a handheld device incorporating a touch panel display requiring electrical connections is reduced in size by incorporating electrical pathways within the support structure of the touch panel display, obviating the need for a flex circuit extension from the touch panel display for connection to the handheld device.
